## Report of Fire and Building Inspector

---

I herewith submit my second annual report as Fire and Building Inspector for the year ending March 1, 1916. Number of fires reported to the insurance department during the year were six and are as follows:

OWNER	OCCUPANT	HOW OCCUPIED	LOSS	CAUSE
F. W. Collins	W. L. Davis	Dwelling	Partial	Chimney Burning
Gustaf Sandgrin	Same	Dwelling	Total	Unknown
Geo. S. Everett	Clarence Jones	Dwelling	Total	Unknown
Lizzie Ames	Same	Dwelling	Partial	Incendiary
Ava Kinney	Same	Dwelling	Partial	Sparks from chimney
Ossain Massalin	Same	Outbuilding	Total	Children with matches

In the early part of the season there were several grass fires which were very threatening; most of them were caused by the carelessness of smokers. I would suggest greater caution on the part of the smokers at this season of the year.

There have been but three new buildings erected during the year. A large stable at Crescent Beach for Alfred Murray, a barn in the village for Arthur Norton and a summer cottage at Ingraham Hill for Mary J. Allen.

The Insurance Department recommended that all householders take extra precautions to see that all flues and receivers are safe before connecting fires. To see that matches are kept away from small children. To see that no rags, paper or rubbish accumulate in places where combustion might follow.

A careful observance of the foregoing rules will greatly reduce the number of fires and correspondingly reduce the cost of insurance.

Respectfully submitted,

L. H. SNOW, *Inspector.*

## Auditor's Report

---

I certify that I have examined the accounts of the Treasurer and Selectmen for the year ending March 1, 1916, and find them properly vouched for and correctly cast.

J. P. SPAULDING, *Auditor.*

## Report of the Superintendent of Schools and the School Committee

---

### *To the Board of Selectmen:*

We herewith beg to submit the report of the School Department for the year ending March 1, 1916. On the whole, the progress of the schools was satisfactory.

With regard to the High School, it will be noticed that the town is paying the tuition of a large number of pupils who are attending other schools.

It must be remembered that the State pays back two-thirds of the total amount so paid out.

Twelve of these pupils are attending Rockland High, and one is at Westbrook.

Our course of study is one which State Superintendent Smith submitted as being more suitable for the use of a rural High School, and keeps it in Class C. With this course of study, it is impossible for our pupils to go from our second year into the third year of a Class A or B school.

Under a ruling of Mr. Payson Smith, this town is liable for the tuition of all pupils who wish to spend any or all of the four years in a secondary school outside of this town.

The total expense of running the High School is a little over \$300 for teaching, tuition and other expenses. In view of this fact, I would earnestly recommend that the school be continued, in order that those who cannot go away can be accommodated here.

We recommend the following appropriations:

Common schools, \$1200; repair of school houses, \$200; text books, \$250; supplies, \$100; high school, \$200; tuition, \$125.

In closing, we wish to thank the people who have so kindly co-operated with us.

We have really appreciated the interest shown in the welfare of the schools.

It is our sincere wish that the standard of education, in our town, will be raised, in order that the rising generations may be better prepared for their future.

Respectfully submitted,

GEORGE McCONCHIE,  
RALPH CROCKETT,  
E. A. ROWELL,

*Committee.*

H. W. FROHOCK, *Superintendent.*
